Dear Keith:

Before you arrived in the council, I had communication with the council office relating to the above-named individual. At that time, it was indicated that the individual had been found guilty of second degree sodomy.

We would like to know the sentencing which took place related to this matter so that we have a final outcome for our files.

I am also enclosing a Confidential Record Sheet which I would like to have completed so that we may identify Mr. Felker should he move to some other location and try to register.

Thank you for your help in protecting the youth of America.

Sincerely,

Dear Art:

Thank you for the information you sent previously on the above-named individual. I am writing to you since I do not know if a Scout Executive has been secured for the council as of this time.

I appreciate the information which was sent and this will be most helpful to us as we set up a file for future refusal of registration attempts. I am enclosing a Confidential Record Sheet which I would like to have completed, so that we can identify Mr. Felker wherever he might move. Please try to secure as much information as possible for this sheet, as it will give us better identification should an attempt be made at registration.

We would also like to know the outcome of the sentencing which took place if this is now available. It had been indicated in the newspaper article that he would be sentenced sometime early this fall. The sentencing which did take place will be most helpful to us.

Thanks again for your help in this situation. I know it can be difficult when you are filling in temporarily at a council.

Sincerely,
